

TÜV SÜD America Open House

August 18, 2008 from 6 PM - 9 PM

Great Food and Refreshments

Door Prizes

**Win an iPod nano
in our Grand Prize drawing**

**Explore our Newly Expanded
State-of-the-Art Facility and
Meet our Engineers**

Come visit our **Automotive EMC Testing Laboratory in Plymouth, Michigan**. This state-of-the-art 27,000 square foot GM and Ford AEMCLRP recognized lab is capable of meeting domestic, Asian and European OEM testing requirements.

Working in today's stringent environments, time-to-market and product quality are essential to maintain your competitive edge. That's why we've expanded our EMC testing lab to give you maximum flexibility and convenience. Plus, our experienced engineers bring added value and fresh perspectives to every test.

Our Open House is the perfect time to explore our entire facility in a more relaxed, casual manner. Take a look at our equipment, check out the lab, talk to our engineers, and have a little fun at the same time.

See product demonstrations from some of our suppliers including **Nexio's** BAT-EMC Test Software, **Dewetron's** monitoring and data acquisition hardware and software, and **Kikusui's** power supply and transient test equipment.

Please RSVP to Vanessa Ashton, 978-573-2564 or vashton@tuvam.com, by August 4, 2008. And feel free to invite any of your colleagues who would like to come along.

Directions from the Cobo Center:

- North on the Lodge (M-10) to Westbound I-94
- I-94 to Westbound I-96.
- I-96 will turn into M-14 at I-275
- Take the second exit (Beck Road) off M-14 north (turn right off the exit ramp)
- Turn left on Clipper Street (2nd traffic light)
- We are in the third building on the left (47523)
